Gang Sheet Instructions

How to Create Your Gang Sheet

Create your gang sheets in Photoshop, Illustrator or any other design program.
Save your gang sheet as a 300dpi png file with transparent background.
Set your artboard to a width of 22" and by the length of sheet you need.
Example: 48", 60", 96" etc.

Place your designs with a resolution of 300dpi and transparent background on the artboard at the true print size needed for each.

Arrange and space your art to fit as many as you can on the gang sheet with enough space between each art so that they can be individually cut.

All artwork must be in RGB color format, and all colors are within the color gamut

Save your gang sheet as a 300dpi png file with transparent background.

Email your art file at FULL RESOLUTION to levi@stinsonpress.com.

- Only print-ready artwork is accepted.
- There will be no resizing or edits made.
- WE ARE NOT RESPONSIBLE FOR ARTWORK COLOR REPLACEMENT FOR COLORSTHAT ARE OUT OF GAMUT.
